

AED Plus

AED Plus Defibrillator

The ZOLL AED Plus® does more than just defibrillate. It is the only AED that ensures rescuers respond appropriately whilst resuscitating a victim of sudden cardiac arrest. How? It coaches them quickly and simply through every important step of the rescue process. Only the AED Plus with its exclusive, one-piece electrode can measure the rate and depth of chest compressions during CPR. It immediately tells rescuers how well compressions are being performed.

Real CPR Help is clinically proven to improve CPR performance by up to 277%*

BHF AED of choice

Semi-Automatic AED Plus — Lay Rescuer

Product Code	Description
20100000102011070	AED Plus Lay Rescuer Defibrillator

Supplied with:

Passive airway support lid, soft carry case, batteries, CPR-D-padz® electrode, first responder kit, operator's guide, 7-year warranty (5 years as standard, 2 years free upon registration) and instructional training DVD.

20100000102011070

Semi-Automatic AED Plus — First Responder

Product Code	Description
20100000302011070	AED Plus First Responder Defibrillator

Supplied with:

Passive airway support lid, soft carry case, batteries, CPR-D-padz® electrode, first responder kit, operator's guide, 7-year warranty (5 years as standard, 2 years free upon registration) and instructional training DVD.

20100000302011070

Fully Automatic AED Plus

Product Code	Description
22300700502011050	AED Plus Fully Automatic Defibrillator*

Supplied with:

Passive airway support lid, soft carry case, batteries, CPR-D-padz® electrode, first responder kit, operator's guide, 7-year warranty (5 years as standard, 2 years free upon registration) and instructional training DVD.

*Please note this device is only available with American English voice prompts.

AED Plus Accessories

Electrodes

CPR-D-padz®

Product Code: 8900-0800-01

Description:

One-piece electrode with built-in Real CPR Help® technology that provides real-time feedback on the quality of compressions. First Responder Kit is also included with the CPR-D-padz.

Key Features:

- Easy-to-place one-piece electrode
- Accelerometer built into pads to measure rate and depth of compressions
- Adjustable electrode allows for positioning on larger/overweight patients
- Suitable for people aged 8 and over
- 5-year shelf life

Compatibility:

CPR-D-padz are compatible with the AED Plus, AED Pro and ZOLL's professional range of defibrillators.

Pedi-padz II®

Product Code: 8900-0810-01

Description:

Two-piece electrode with Intelligent Paediatric Capability to ensure the device analyzes a child's heart rhythm.

Key Features:

- Voice and text prompts inform the rescuer that paediatric pads are connected to prevent misuse
- Separate and specific algorithms designed for children are used to analyse a young victim's heart rhythm
- Provides paediatric-specific energy levels
- Clear diagrams on packaging allow for easy placement of electrodes
- Suitable for children aged 0-8 years
- 2-year shelf life

Compatibility:

Pedi-padz II are compatible with the AED Plus, AED Pro and ZOLL's professional range of defibrillators.

CPR Stat-padz®

Product Code: 8900-0402

Description:

Two-piece electrode for use with ZOLL's manual defibrillators.

Key Features:

- The two-piece construction ensures all options are available to the ALS responder
- Accelerometer built into pads to measure rate and depth of compressions
- Suitable for people aged 8 and over
- 2-year shelf life

Compatibility:

CPR stat-padz are compatible with the AED Plus, AED Pro and ZOLL's professional range of defibrillators.

Stat-Padz II®

Product Code: 8900-0801-01

Description:

Two-piece electrode for use with ZOLL's manual defibrillators.

Key Features:

- Suitable for people aged 8 and over
- 2-year shelf life

Compatibility:

Stat-Padz II are compatible with the AED Plus, AED Pro and ZOLL's professional range of defibrillators.

First Responder Kit

Product Code: 8900-0807-01

Description:

Included with CPR-D-padz as standard or can be ordered separately using the code above.

Contents:

Razor, scissors, CPR face shield, alcohol-free wipes, moist towelette and gloves.

Carry Cases

Product Code	Description
8000-0802-01	AED Plus Carry Case
8000-0836-01	Small Pelican Case

AED Pro

AED Pro Device

AED Pro® device
available in semi-
automatic, semi-
automatic with
manual override
and manual mode
only

The most durable, tough, hard wearing and dependable AED, designed to withstand any environment. The AED Pro differs from other products on the market due to its superior construction. It is designed to be used in the pouring rain and extreme temperatures, and to withstand drops and tumbles. The AED Pro has an IP rating of 55, is highly portable and designed for the professional rescuer.

But despite its ruggedness, the AED Pro offers comprehensive features that will aid in the rescue process. Real CPR Help technology is built into the device to provide real-time feedback on the rate and depth of chest compressions. See-Thru CPR technology filters CPR artifact to display a patient's underlying ECG rhythm to reduce the duration of interruptions in compressions, allowing the professional rescuer to see underlying organized rhythms during resuscitation.

AED Pro defibrillator

Product Code	Description
90210400499991070	AED Pro Semi-Automatic Defibrillator*
90210200499991070	AED Pro Semi-Automatic Defibrillator with Manual Override*
90210600499991070	AED Pro Manual Only Defibrillator*

Supplied with:

3-lead ECG cable, disposable lithium battery, carry case and a 5-year warranty as standard
